

PC8500
PROZero™

SURRENDER INTO RELAXATION

Meet the newest introduction to the Perfect Chair® collection, the PC-8500. With its unprecedented range of motion, it provides more recline positions than any other chair. Like all of our Perfect Chair recliners, the PC-8500 has a smooth power recline transcending you into the precise doctor-recommended neutral posture position we call ZeroG®. The breakthrough feature unique to the PC-8500 is the PROZero™ mode that reclines you into a deeper relaxation position beyond ZeroG, improving circulation and relieving muscle tension, soreness and fatigue. Only the precision-crafted PC-8500 takes wellness and comfort to the next degree to further ease pressure off the spine and elevate your legs to a higher level.

PC-8500

human touch®

FEATURES:

- A precise zero-gravity experience through Human Touch ZeroG Technology
- Dual motor for independent back and leg rest adjustment
- One-touch zero-gravity (Go To Zero)

REAL ZERO-GRAVITY

Only the precision-crafted PC-8500 takes wellness and comfort to the next degree to further ease pressure off the spine in zero-gravity. The PC-8500's unique PROZero™ mode elevates the feet above the head to improve circulation with an extended range of motion to deliver added benefits.

Zero-Gravity

The neutral-posture position designed to relieve muscle tension, improve blood circulation, and decompress the spine.

PROZero Mode

Go **BEYOND** zero-gravity to experience an unprecedented range of motion of recline and elevated leg positions.

- Decompress your spine
- Relieve muscle tension
- Elevate legs above the heart to improve circulation
- Restore sore muscles
